SMITH GARAGE IS SOLD TO A GOTHENBURG PARTY

E. N. Smith, who has been conducting a garage in the Ritzer building on Locust, has sold his shop equipment to Mr. Romigh, of Gothenburg, who has taken a lease of the building. The new firm will handle the Dodge car, the agency for which in this county has heretofore been with the Hendy-Ogier company. Henry Ford, it seems, objects to having any Ford agent handle the Dodge car, partly because there is not enough difference between the price and partly through business troubles between the two factories.

Mr. Romigh took possession of the former Smith Garage yesterday. Mr. Smith expected to go to Colorado to engage in the auto business, but he may finally conclude to remain here and continue to sell the Apperson and Grant cars.

Gleason-Tighe Nuptials

Miss Helen Gleason and Charles J. Tighe were quietly married at nine o'clock Sunday evening at the home of Rev. P. McDaid by Rev. Maloney, of Ogallala. The bride wore a dark green gown of silk poplin and a picture hat. She was attended by Miss Vera Carter, of Tryon, who also wore a green gown.

Raymond Tighe stood with the groom. After the ceremony a luncheon was served at the home of the bride's grandmother, Mrs. Mary Elder. In the fourth ward and Mr. and Mrs. Tighe left on the midnight train for a honeymoon trip through Colorado. The bride, who is the daughter of Mrs. Lillian Gleason, was born in this city, graduated with the class of 1916 in May, was editor of the "Round Up" and began the study of pharmacy in the Rexall Drug Store, of which Mr. Tighe is manager. She is a charming young lady and has many friends among the younger set who extend best wishes. The groom is a promising young man who was the valedictorian of the class of 1911, a graduate of Creighton college and is a stock holder in the North Platte Drug Co., by whom he has been employed fourteen years. He is the eldest son of Mr. and Mrs. John Tighe and is popular with all who know him.

The marriage came as a surprise to their many friends when the arrangements were made known a few days ago.

Make Easy Money.

On the 17th day of August O. H. Thoelecke purchased 320 acres of land north of Big Springs of an Illinois manufacturing concern for \$3,000. On the 29th of August he sold the land to another real estate dealer for \$5,000 and two days later the latter sold the land for \$7,000. When the original holders of the land learn of these transactions they will probably conclude that they don't know much about real estate values in western Nebraska.

Chicken Hunting is Fair.

Those who have been hunting prairie chickens since the season opened last Friday have been having fair success. The birds are not so very plentiful, due in a large measure to the large number killed before the season opened. The best killing coming to our notice was that made by Will and George Shultz, John Federhofer and Artie Artz, who brought in the limit of forty. Their hunting ground was about fifteen miles southwest of town.

In the early part of my career I was much surprised to learn that at least ninety per cent of chronic headaches could be entirely relieved by the proper use of glasses. Many stomach troubles, heart troubles, and other difficulties are greatly relieved, and many times entirely cured by the use of properly fitted glasses. In fact, those not educated in optometry will, upon investigation, be surprised to learn of the number of diseases that will be benefited by optometric methods. HARRY DIXON, Optometrist.

The county grading outfit has completed grading the Lincoln highway from the Baker school house to Hershey, and is now at work between Hershey and O'Fallon. The road east of Hershey has not been fully completed, some slip work being necessary, and at some places it may be necessary to surface with gravel—at least the gravel will be needed to place the road in first-class condition.

FOUND

We have found a way to re-surface old floors and make them look like polished oak.

The new surface can be any color desired regardless of what it was before, and is equal to genuine oak in wearing and washing quality.

It is easy to apply and the cost is very low.

Come in and see if you can tell which is Chi-Namel and which is REAL oak.

An Old Line, Mutual, Legal Reserve Company Writing Life Health and Accident Insurance.

THREE POLICIES IN ONE

The rates of many Eastern Life Insurance Companies and some Western Companies, at the age 35, for a Twenty Payment Life policy are \$38.34 per thousand of insurance, making the rate on a \$3,000.00 policy with them at age 35, \$115.02.

Our \$3,000.00 combination Twenty Payment Life rate at this same age, 35, is \$119.04.

What does each give you for the money you invest in these estates?

THE Companies First Referred to Policy. Fidelity Reserve Combination Policy, Three Policies in One.

RATE \$115.02

Pays \$3,000.00 at any time that death may occur after the first payment is made, or a paid-up policy for \$3,000.00 at the end of 20 years, plus dividends.

In case of Accidental Death, pays \$3,000.00.

Pays \$3,000.00 at any time that death may occur after the first payment is made, or a paid-up policy for \$3,000.00 at the end of twenty years, plus dividends.

In addition to the above, a Fidelity policy doubles in case of accidental death and we pay \$3,000.00 instead of \$3,000.00.

For total disability from sickness or accident, the Fidelity pays \$25.00 per week or equivalent to practically \$110.00 per month. For partial disability, \$12.50 per week or practically \$55.00 per month.

Physician's or Surgeon's fees where there is no disability, whatever, the Fidelity pays such expense not to exceed \$15.00 for any one case.

For loss of any two members—eyes, hands or feet, \$1,500 spot cash; for loss of one member, \$750, and no matter how much you may have drawn from weekly indemnity or for loss of members, the Fidelity must still, at the maturity of the contract, pay \$3,000.00.

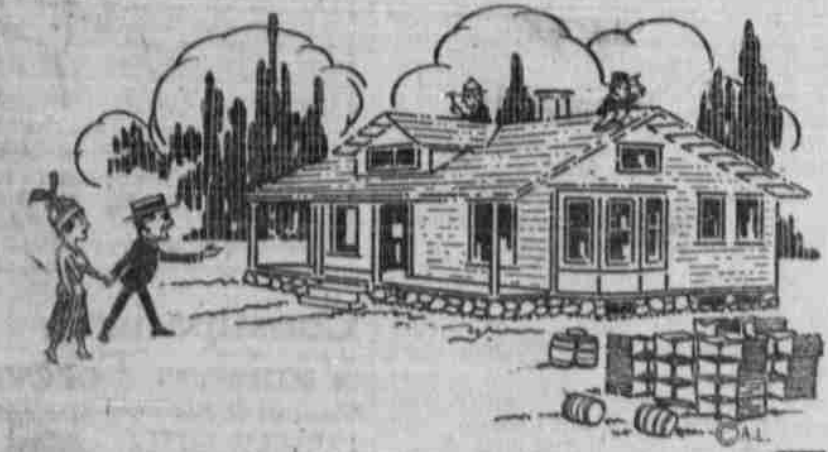

Remember also that your health and accident insurance in this policy is in an old line, legal reserve company, which is not spending your money but investing and is not like a fire policy where, if you do not have a fire this year, you have nothing coming, or if you have a bad risk that you are cancelled out, as all health and accident policies must contain a cancellation clause where written alone and issued without a medical examination but any savings or earnings on this policy must drop into the surplus and come back to the policy holders in the way of dividends as this is a full participating policy.
